Increasing power generation from Non-Conventional Energy Sources

1135. SHRI PREM CHAND GUPTA: Will the Minister of NON-CONVENTIONAL ENERGY SOURCES be pleased to state:

(a) whether Government plans to increase the power generation from non-conventional energy sources from 1500 MW to 12000 MW by the year 2012;

(b) whether this power will come mainly from the wind power;

(c) whether this project is highly capital intensive and will require large financial resources to implement;

(d) whether it is a fact that the capacity established from wind power in the last ten years has only been 1167 MW; and

(e) if so, Government plans to implement the scheme?

THE MINISTER OF STATE OF THE MINISTRY OF NON-CONVENTIONAL ENERGY SOURCES (SHRI M. KANNAPPAN): (a) The Ministry of Non-Conventional Energy Sources has formulated a Draft Renewable Energy Policy Statement. Among the goals envisaged in the Draft Policy Statement for 2012 is to increase the share of non-conventional energy in the additional capacity to 10%, or 10,000 MW, in the next 12 years.

(b) to (e) A capacity of 5,000 MW is expected to come from commercial wind power projects. Such an addition to the present wind power capacity of 1340 MW will depend upon private sector investments, availability of finance from financial institutions, banks and international funding. The capacity addition would also depend upon fiscal and promotional incentives and announcement of attractive policies in the potential States for grid connection and sale of electricity generated from wind power projects.

MoU signed between NHPC and State Governments

1136. SHRI B.J. PANDA: Will the Minister of POWER be pleased to state:

(a) whether National Hydro-electric Power Corporation (NHPC) has recently signed Memorandum of Understanding with some State Governments to execute Hydro Electricity Projects;

(b) if so, the details thereof;

(c) whether similar agreements are proposed to be signed with other States to execute Hydro-Electric Projects there; and

(d) if so, the steps taken in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRIMATI JAYAWANTI MEHTA): (a) and (b) Yes, Sir. Details of MoU/Agreements signed with State Governments from January, 2000 to 15th July 2001 are as under:

Sl. No.	Date	Signed with	Name of Project
1.	16.05.2000	Govt. of Madhya Pradesh	For execution of Indira Sagar (1000 MW) and Omkareshwar (520 MW) by formation of Joint Venture Company between NHPC and Government of M.P.
